Sunday aug 6: 11 A. M.
Dear Mr & Grandy, and all.
your letter came
Thursday eve. I said to
Johnie that if I would
wait as long as you
did guess the pickel
season would be over
well we were glad
to hear from you if
it was at the 11th
hour. I couldent go to
church today am so
worn out, and am
just making myself
write. Stayed home to
rest and write you.
we moved on the
13th. dont remember
whether I wrote you
since or not.

I want to hear from you soon.

Alma has been over 3 thursdays
and helped me. am all settled
but straitening up the drawers
and things like that. Have been
putting up so much fruit. Alma
has brought, beside what Firestone
have given me, and we bought
from them. Then this last week I
strung and dried 2 big buckets
full of kentuckey wonder beans
of ours. We have lots of corn I
intend drying, and canning with
tomatoes, so we will have some-
thing to eat next winter.
We have the north garage for a
kitchen, and I cook and can
every morning out there, wash &
iron, & & so the running back
and forth is so very hard on me.
We eat breakfast out there. We
have so much wood. No place
for a cook stove in this house
We have gas now from Whittier,
our two tenants have new Gas
Stoes. We have none, and no
money to get one.

We have two hundred
dollars extra to pay
for things out side of the
contract. Have to borrow
want so much to build
a 4 room bungalo on
the east end for our
selves, but cant.
Sorry you are not well
and that you cannot
get to the Mountains.
Guess we will not get
any where this year. Johnie
is busy with the yard
getting it in shape and
with his garden. The
baby is vey fussy, teathing
and spoiled to. Such a
hot summer. Get soaking
wet. Have to dy my hair
every day when I get trough
in A. M. One Flat not
rented. Hope it will be
soon. Have lovely people
wo children. Love to
write soon. All.

We have the loveliest looking sweet potato vines
